Application: 10/658,212  
Applicants: John Lawson, Jan Ter Louw  
Attorney Docket Number: US-2003-010

Dear Examiner Hasan,

Applicants submit the following Amendments and Remarks in response to the Office Action, mailed June 7, 2004, regarding Application 10/658,212, to Lawson et al.

### AMENDMENTS

#### IN THE CLAIMS:

Please cancel Claims 1 – 8.

Please amend Claim 9 to read as follows:

9. A dual optical system, comprising:

a first optical subsystem, comprising a first plurality of lenses, wherein, a portion of the first plurality of lenses comprise cut-out sub-apertures and remaining apertures; and

a second optical subsystem, comprising a second plurality of lenses; wherein, a portion of the second plurality of lenses are positioned within a portion of the cut-out sub-apertures of the first set of lenses,

wherein, the first optical subsystem transmits a first band of optical wavelengths through the remaining apertures, and the second optical subsystem transmits a second band of optical wavelengths not transmitted by the first optical subsystem.

This amendment inserts no new matter, as Figures 3 – 6 show that the lens subsystems are pluralities of lenses, and that the first optical wavelength of light is transmitted through the remaining (not cut-out) portion of the first optical subsystems. In compliance with sec 121, a marked up version of Claim 9 is included in Appendix A.
